

Proposition 65 Statement

The State of California's Proposition 65, also known as the Safe Drinking Water and Toxic Enforcement Act of 1986, requires businesses to provide clear and reasonable warnings about exposure to listed chemicals.

Testing for the exhaustive list of chemicals routinely updated under Proposition 65 will not be performed by DB Unlimited for any of their products. As such, DB Unlimited has decided to declare all parts as non-compliant with the State of California's Proposition 65 and will be labeled as follows:

WARNING: This product can expose you to certain chemicals, which are known to the State of California to cause cancer or birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

DB Unlimited's products are audio solutions intended for integration into a manufacturer's end product instead of direct consumer use. The parts are intended to be mounted internal to a manufacturer's product and not user accessible. As such, DB Unlimited parts are not expected to be exposed to direct consumer contact, resulting in minimal exposure, if any.

DB Unlimited takes great effort in sourcing environmentally safe raw materials and assemblies, manufacturing and packaging so our products may be free of potentially hazardous substances. **All of DB Unlimited's products are RoHS and REACH compliant.**
